

Hello, I am
Divyamounika

I am an IT fresher with a strong interest in software
development and continuous learning.

About Me :

I am a passionate IT fresher with basic knowledge of programming and web technologies. I am eager to start my career in the IT industry, learn new skills, and contribute to organizational growth.

Skills :

Technical Skills

- 1. Java / Python
- 2. HTML, CSS
- 3. JavaScript (Basics)
- 4. SQL, MySQL

Tools

- 1. MS Office
- 2. GitHub (Basics)
- 3. VS Code

Soft Skills

- 1. Communication
- 2. Teamwork
- 3. Problem Solving
- 4. Leadership
- 5. Quick Learner

Projects :

Project 1: Personal Portfolio Website

Technologies Used : HTML, CSS, Canva (for design layout)

Brief Description :

Designed and developed a personal portfolio website to showcase my profile, skills, projects, and contact details. The website is simple, clean, and responsive, helping recruiters easily understand my background and technical interests.

Roles & Responsibilities :

Designed and developed the personal portfolio website layout
Created structured web pages using HTML and CSS

Key Features :

Responsive design
User-friendly interface

Project 2: Electricity Billing Management System In Java

Technologies Used : Java (language), Database (Simulation), AI or ML (Synthesis)

Brief Description :

Developed an Electricity Billing Management System using Java to automate the calculation and management of electricity bills. The system allows storing consumer details, calculating bills based on units consumed, generating monthly bills, and maintaining billing records efficiently.

Roles & Responsibilities :

Designed and developed a Java-based system to manage consumer details, calculate electricity bills, and generate billing records.

Key Features :

Automated bill calculation based on units consumed, customer data management, and monthly bill generation.

Education :

B.Tech in Electronics & Communication Engineering

Chalapati Institute Of Engineering And Technology

2020 to 2023

CGPA 8.5 / 10
